to Wise | In summary, while business plan templates can be a useful starting point, it's  
essential to be aware of their limitations, especially when your. Dec 8, · Our business plan  
template includes all of the above, so you won't have to worry about missing out on essential  
sections. How to Write a Business Plan Step 1 – Create an Executive Summary. An executive  
summary is the first section of a traditional business plan, serving as the first impression of  
your business. The vision/mission statements are clear summaries of where the business is  
headed. It describes what the business produces, who products are produced for, and unique  
business characteristics. It will reflect the values of the management team and the type of  
business culture you are trying to create. B. Goals and Objectives.
