1-(802)-557-0358 how to get rid of bitdefender threat scanner popup

bitdefender 24/7 Support Number +1-(802)-557-0358. To get rid of Bitdefender threat scanner pop-ups, enable the "Work" or "Game" profile, which silences all alerts and pop-ups. You can also individually disable specific notifications by adjusting settings in the "Protection," "Privacy," and "Utilities" sections of the Bitdefender program. If the pop-ups are caused by a specific threat, perform a full system scan to find and remove the issue.
