

Call for Speakers: Inspire, Educate & Lead the Future of Dentistry at UCG Dentistry 2026

The field of dentistry is evolving faster than ever — and the 5th **International UCG Congress on Advanced Dentistry, Dental Science & Oral Health** offers the perfect stage to be at the forefront of this transformation. Scheduled for **April 06–08, 2026, in Dubai, UAE**, this prestigious global event brings together the brightest minds in dentistry to exchange ideas, share innovations, and redefine excellence in oral health care.

Be a Voice of Innovation

The UCG Dentistry Congress is more than just a conference — it's a global movement advancing modern dental practice, education, and research. As a **speaker**, you'll have the opportunity to present your clinical expertise, case studies, or research findings to an international audience of dental professionals, educators, and industry leaders.

Whether you're shaping new treatment protocols, exploring digital advancements, or improving patient care models, your insights can inspire meaningful change across borders.

Abstract Submission Categories

You may submit your abstract under the following formats:

- **Oral Presentation** – Present your research or case studies to a live audience.
- **Poster Presentation** – Display your findings visually and engage in interactive discussions.
- **Case Reports & Clinical Studies** – Share unique clinical experiences or treatment approaches.
- **Student Presentations** – Open to undergraduate and postgraduate dental students.

Topics of Interest Include (but are not limited to):

- Advanced Restorative Dentistry
- Oral and Maxillofacial Surgery

- Pediatric Dentistry
- Implantology and Prosthodontics
- Oral Pathology and Oral Medicine
- Endodontics and Periodontics
- Cosmetic and Aesthetic Dentistry
- Public Oral Health & Preventive Care
- Digital Dentistry & AI Applications
- Orthodontics and Craniofacial Research

Abstract Guidelines

- Abstracts must be written in **English** and limited to **250–300 words**.
- Include the following sections: **Title, Author(s), Affiliation(s), Background, Methods, Results, and Conclusion**.
- All abstracts will be reviewed by the **Scientific Committee** for quality and relevance.
- Accepted abstracts will be published in the **Conference Proceedings** and featured in the event program.

Why You Should Participate

- **Global Recognition:** Gain international visibility for your work and establish yourself as a thought leader in the dental community.
- **Collaborative Networking:** Connect with dental experts, researchers, and innovators from around the world.
- **Knowledge Exchange:** Learn from cross-disciplinary discussions that bridge academia, research, and clinical application.
- **Career Advancement:** Enhance your professional profile and contribute to global dental education and innovation.

The congress will feature sessions covering a wide range of topics — from advanced restorative and cosmetic techniques to oral surgery, digital dentistry, implantology, and public oral health. It's an event designed to celebrate diversity in knowledge and practice while uniting the profession under one vision: **a healthier, brighter future for oral health worldwide.**
