

## Resurge Review: Real Deep Sleep and HGH Boost Supplement or Cheap Pills?

The <u>Resurge</u> supplement is formulated to deliver fat-burning properties to help one lose weight in a short period. This supplement does so by promoting proper sleep to ensure one covers all the sleep cycles – including the REM stage. It is during this stage of sleep where the body's metabolic processes at their peak; thus, allowing one to quickly lose weight. According to the makers of Resurge, The supplement naturally restores the healing potential of one's body overnight to effectively induce fat burning process whilst facilitating deep and sound sleep.
