

£100M+ Indian Investments Drive UK Job Market

As the UK Government announces over £100 million in new Indian investment, Zoondia is proud to contribute £10 million, creating 60 new jobs over the next three years. Our expertise in AI, custom software development, IoT, data analytics, and resource augmentation drives innovation and empowers businesses with cutting-edge solutions. This investment reinforces our commitment to delivering world-class solutions that drive digital transformation for businesses globally.
