

Roberto (Roy) Romaindo Dox ~ Zycl0n3

Reason - Roberto is a disgrace to Anon, as he likes to Cyber Bully, Threaten, and Hack other Anons. See pictures proof.

Also we have it on good Authority that he is a Fed as we have been told this by many, long term Anons who've admitted to having to block him due to Harassment. He is a "Black Hat" hacker which means he doesn't hack for ethical reasons but for Malicious reasons, and even runs a group teaching others Malicious hacking techniques. He goes by other sock accounts too. He also is in the Group with Rebekah Legion, Vlad, Anna-Maria Sanchez, Ana-Maria Sanchez ... Etc. As far as Rebekah Legion goes she and a Sebastian Dante Alexander aka Michael Errington, have tried to extort Money from Pedophiles for Drug Money. Those pictures will be listed too.

Right! That's it! This is the final straw now! I am nobody's alias. I'm Me. Dylan accessed my account over a month ago & does not have access to it now. I changed all my passwords & emails since. This so called doxx is other people doing harm to me & my Son by perpetuating lies about both of us. Dylan did indeed try to blackmail a blackmailer from what I can make of it but I am not Dylan. I also don't know to what extent this Sebastian Dante Alexander guy is involved in blackmailing pedos. It may be more hyped up crap by Dylan aka Pedro Gordjin (real life name) I asked Vlad if he had been blackmailing pedos for bit coins & he said No. I told him if he was involved in this I couldn't have him in The Shadow as we hunt & report to police with no exceptions & we do not proffit from child abuse. I believed him when he said he is not involved in blackmail.

Dylan because he's perpetuating the lies started by Dylan and bringing an innocent child into it is disgusting. They've also stated they are going to kill my Son & my Mother

I got caught blackmailing pedos? Me? Who's behind that account? & why does it say Michael Errington is one of Dylan's alias'? I didn't make this doxx. I'm nobody's alias & I'm not a fucking paedophile or a blackmailer! And people need to stop lying about me & my Son. This is disgusting

I'm not in any of these conversations either by the way. So far I've seen about 6 paste bins apparently about me but I've not been in any of them. This nightmare never ends

And "trusting your team" ??  
You were in mine &  
sending screenshots  
to Jojo & the difference  
between me & Jojo is that  
I send all pedos to police  
without exception. I don't  
fuck about with Facebook  
reporting. You've seen  
everything??? I should  
fucking think so cos you  
knew me for long enough  
to know you should have  
had my back, not stabbed  
me in it for doing a good  
job. I even put that tribute  
out for Mollie
