To help inspire couples who wish to have it on with glass together, here are some stimulating ideas. Test out these sexy suggestions and go wild:

- Missionary Magic: while your lover is laying on her behalf back, go ahead and take chance to use a glass wand to cast your orgasmic spells before, after or rather than intercourse. She can alter the sensations by tightening, spreading or raising her legs. This is a great position to orally pleasure her or make use of a vibrator simultaneously. Produce a blended clitoral and internal/G-spot orgasm.
- Heads & Tails: when he is laying on his back, straddle him in a 69 style position. While you orally pleasure him, he is able to use a glass dildo to spur yourself on to heights of mutual ecstasy. Obviously there are lots of other positions that permit you to provide him a blowjob as they pleasures you having a glass dildo. Some also allow him to easily use his tongue at the same time.
- Double Penetration I: when having anal intercourse inside a doggie style position, make use of a glass dildo vaginally. It will take some coordination however with some practice you may even have the ability to incorporate a vibrator for clitoral stimulation too. Other anal intercourse positions may allow comfortable utilization of a glass dildo as well.
- Double Penetration II: when he is laying on his back, straddle him facing his feet. While having intercourse inside a reverse cowgirl position, he can use a glass anal probe or slim glass dildo (with flared base) to delight you anally. Each one or the two of you may also use butt plugs with intercourse in your favorite positions.
- Nine Nines: although a technique devised for intercourse, you can use the same principal to penetration utilizing a glass dildo. Utilizing a glide 'n slide penetration style, start off with 8 shallow thrusts then 1 smooth deep thrust. Then continue 7 shallow and 2 deep thrusts. Continue until you finish with 9 smooth deep thrusts. If either of you desire more, enjoy

intercourse using the same technique.

- Touch of Glass: make use of a glass dildo to apply flavored oils/lubricants onto other erogenous zones (nipples, penis, clitoris, lips, neck, toes, etc) before kissing, licking and sucking them. Stroke a practical shaped glass dildo involving the breasts or lick it seductively to visually tease and arouse your lover. Slide a well lubed glass dildo involving the lover's butt cheeks so that the ribs, nubs and bumps glide over the anus and perineum.
- Strap-On Glass: only recently have glass toys become accessible that are equipped for use with strap-on harnesses. More will surely come to wish to wait for a correct one to become designed for you. For now, please explore your wild affiliate with silicone toys designed for two.
- Frisky Fantasies: glass dildos possess a mystique that makes them ideal accessories for a lot of kinds of fantasies from olden days to futuristic settings. Think of the shimmering gem is a royal scepter accustomed to unite kings and queens, or a wand of power controlled with a twisted sorceress/wizard, or perhaps a ceremonial deflowering device in a religious/pagan/demonic ritual, or the instrument used by aliens for his or her infamous probing experiments. Let your imagination run wild and you'll have the best sex of your lives.

Although ultra smooth, glass dildos work best with a few extra lube. All types of lube will work (water, oil, silicone, etc.) so choose one you want on and in your intimate parts. When using lube, glass dildos can slip right out of your hands so it's best to avoid using them in tubs, over ceramic tiles, in parking lots, etc. Keep your luxury love toys to be used in soft, comfy places where they will stay safe capable to satisfy you forever.
