

PC Fixer - Download (US only)

PCKeeper is advertised as an optimization services package featuring a set of software utilities for Windows OS owned by Essentware S.A. PCKeeper Live is rated "Good" (3.5 out of 5) by the PCMag editor, stating "improves PC performance", and "great for novice users" ,
"The utility won't clean your PC as well as Iolo System Mechanic, but considering its accessibility and wallet friendliness, it's one to check out" and "Kromtech PCKeeper Live's human specialists and unique price plans make this tune-up utility worthy of consideration, but rival applications offer better PC improvement".
