# 3DVPN - PrivateVPN

How to Use Sim Unblocker

# Pag ganito ang lumalabas or error 619 it means lang po na BLOCKED ang sim niyo ni TRAMS

STEPS kung pano mag unblock using our Sim Unblocker

1. Hanapin at tingnan niyo po muna kung anong port nakalagay ang Broadband niyo. See Screen Shot below
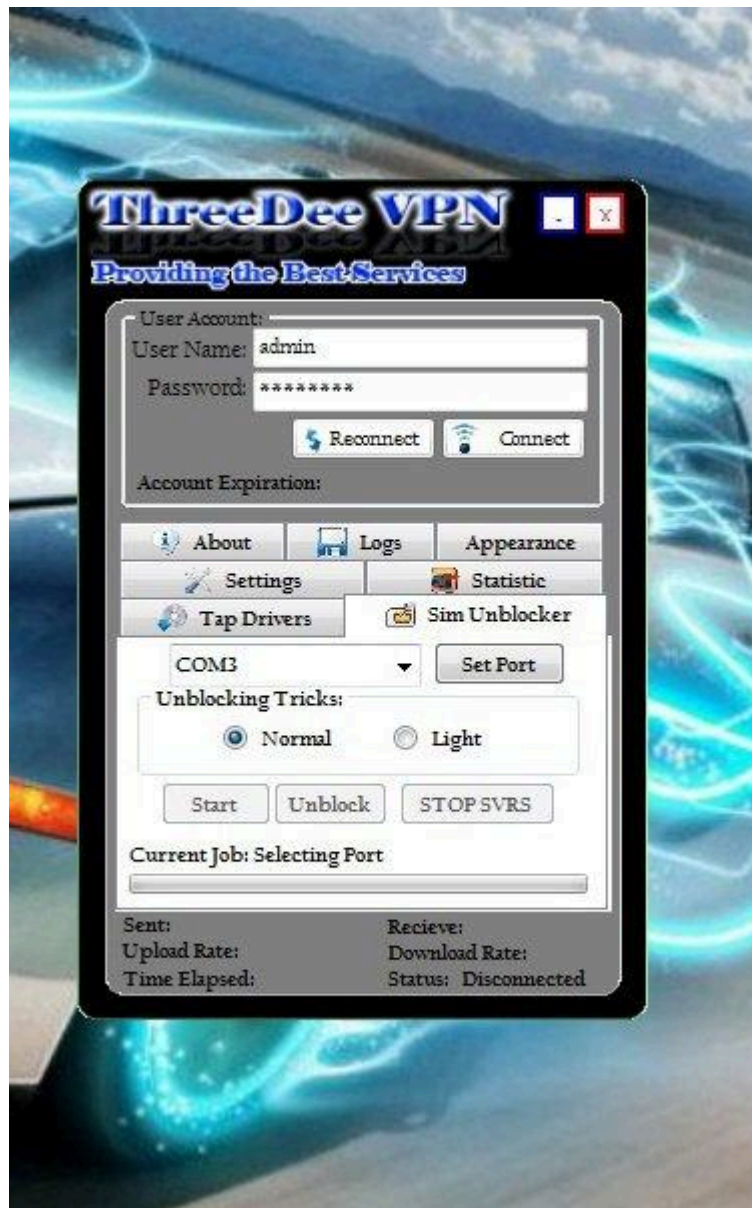

(Right Click broadband > Click Properties)

2. Sa screen shot ko globe nakalagay pero smartbro po yan. Ang modem ko ay nasa COM3 (pwede muna close)
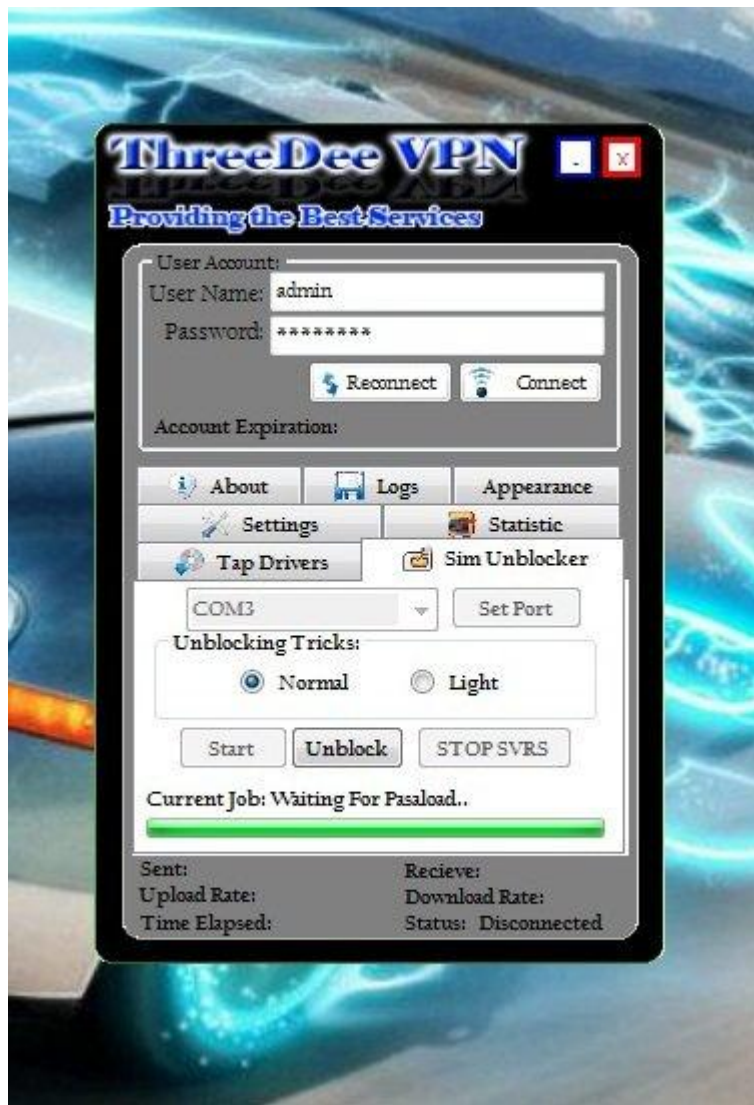

3. Sa ThreeDeeVPN GUI naman,

click Sim Unblocker > Set muna kung anong COM Port ang broadband mo (COM3 yung akin) > Normal (Ubos Load Trick) / Light (MMS Trick) > Start

pinili ko ang Normal (Ubos Load Trick)

4. Pag sabi na *Waiting for Pasaload*, pasahan niyo po ng 2php load at *click Unblock*

5. Replug Modem for about 5 seconds

6. Then Connect broadband followed by ThreeDeeVPN

Connected! Enjoy browsing...
