-How to get the Police Uniform & BOTH the Orange & Yellow Garbage Man Vests, for FREE, and Save them, in GTA Online: *(Confirmed as of 1.28)*

Requirements:

-The 1st Apartment on your Mechanics List MUST be a 10-car Garage WITH an Apartment, otherwise you will end up in a garage without an apartment, making the glitch useless.

-Have access to Parachutes from Aircraft, and preferably already have a Parachute in your Inventory.

-A "Friend", a 2nd player. (Your "Friend" CAN allow themselves to be "Kicked" for not moving, or quit, and you will remain in the Job, by yourself.)

~Once in an "Online Session" press "Start" to pause the game,

~Then go to "Online"-"Jobs"-"Host Job"-"Rockstar Created"-"Versus" and start versus the job "Crooked Cop",

~Now set/change the following options: **(The "Outfits" setting is of course the most important to pay attention to.)**

Time of Day: Noon

Weather: Clear

Weapons: Owned + Picked up

Outfits:

"Classic" for the Police Uniform, (The 2nd person to join the "Crim" Team will get a Police Uniform WITHOUT a Belt. This CAN be obtained with ONLY two players.)

-OR-

"Themed" for the Garbage/Trashmen Vests, (The 2nd person to join the "Crim" Team will get an Orange Vest. This CAN be obtained with ONLY two players. Female Characters get

the Garbage Man Jacket with the Yellow Vest, and Male Characters get it with the Orange Vest, AND the T-Shirt that comes with the OTHER Garbage Man Vest is the EXACT same UNIQUE T-Shirt that comes with the Prisoner's Outfit, Grey for Female Characters, Trevor's Dirty White One for Male Characters, and this is the ONLY Unique Part on the Prisoner's Outfit. So with this and the Clothing store it IS possible to recreate the Prisoners Outfit, featured at the end of this [FULL LENGTH TUTORIAL](#). Also for Female Character this was the 1st Designer Style T-shirt available for them, [seen here](#).)

~Then invite a "Friend", to get the required 2 players and start the Job,

~Now at the "Team Selection Menu" the "Crims" will be the ones with the Glitched Outfits, the Unique ones, so since you invited your "Friend" you will automatically be on the "Crims", If not then Join it, **(Here is how you can get the Belt-less Cop Uniform or Orange Vest, you can have your "friend" invite you then once at the "Team Selection Menu" you will join the "Crims" with your "friend" and they will choose the Outfit, type you want, and it will give you the Player 2 Outfit, the Orange Vest(or the Belt-less Cop Uniform), then your "friend" will switch to the Outlaws and y'all will do the glitch as normal once in the Job.)**

~Then choose the Outfit you want to save and bring into Free-Roam, and out of the Job, it will work with ANY and ALL Outfits,

~Now you will start by 2 vehicles, a Jackal and a Baller(or SUV), take the Baller(or SUV) and head to the Mission Row Police Station, the Location is shown on the Map Below:

[Map to The Mission Row Police Station Wallbreach!](#)

~Then when you arrive at the Mission Row Police Station you MUST drive around back to the Rear Gate, and park the Baller(or SUV/Van) against the wall of the bridge, Like in the Pic Below;

[Where/How to park the Suv/Van!](#)

~Now press "Square/X" to climb onto the Baller(or SUV/Van), and press it again to jump onto the little ledge, on the wall of the bridge,

~Then on the ledge, head towards the end that is getting smaller and smaller, **(If you are looking at the wall head right.)**

~Now while you are walking along this wall, as it gets smaller, start pressing "Square/X" over and over until you climb over the wall and into a wallbreach,

~Once behind the wall open your "Interaction Menu" and go to "Inventory" - "Parachute" and set it to "On", to equip a Parachute,

~Now press "Start" to pause the game, open the map, and mark the very entrance to the driveway under Legion Square, You can use the Map below to mark the Location, simply Mark the Green Circle on your Map;

[Map to the/your Garage Under Legion Square!](#)

~Then press "Start" to unpauses the game, walk down the little side walk, head the way that the bridge is coming down, so that the roof, is getting lower in you wallbreach,

~Once near the end walk off of the edge and free fall for like @2seconds, **this is the**

important part, if you wait too long you will go under the garage, if you don't wait long enough you will overshoot the garage, either way is not good.

~Then after right @2seconds press "X/A" to open your parachute,

~Now you will want to use your Mini-Map/HUD to navigate your way to into your garage, under Legion Square,(But there are MANY Garages and Apartments in the way, so follow the directions closely. Use the Map provided Below to help.)

[Map to the/your Garage Under Legion Square!](#)

~Once you have your parachute open, **DO NOT**, pull up, just use your Left Stick and Mini-Map/HUD to navigate left or right(Not up or down at ALL) and make your way to the alleyway across the street from the Mission Row Police Station, and once you get to the street on the other side of the alleyway, turn and head straight at the driveways entrance at Legion Square,

~Then if done right, just before going under Legion Square, you should hit something, like a wall or a vehicle, this is either... *...a wall or a vehicle* inside of your garage,

(If you miss the room you can hold R2 or L2, and go in a few circles to try to enter it again, but if this fails you will spawn back on the street, then you simply open you phone, call Merryweather, request a helicopter pick up, and shoot the Pilot in the Head through the Side or Rear Doors once he lands, then steal the Helicopter, this will give you another parachute. Now you can land it in the Police Station's Parking Lot and have your "Friend" watch it so it doesn't disappear, and you can do this over and over as many times as you want without stealing more helicopters.)

~Once you stand up, look around for the Blue Beacon, for your Vehicle Management System, and head towards it, but do not open it, and then press "Triangle/Y" and allow your character to walk to and enter a Vehicle, **BUT DO NOT DRIVE IT**,

~Now inside of the vehicle, your garage will spawn, and everything will become visible, like a normal game,

~Once this happens simply exit the vehicle and walk over to the elevator doors and you can go upstairs,

~Then when you get into the apartment, head down to your closet, and open it, press "Square/X" to edit "Saved Outfits" and save the outfit in any slot you want,

~Now you are done, you can quit, change sessions, time out, get kicked, finish the mission, whatever, it doesn't matter, the Outfit IS saved,

~Enjoy!

TIPS:

~If you are the 7 or 8 player to join the "Crims" team with the Outfits set to "Themed" you get the "Please Stop Me" Mask with one of the Garbage Outfits.

~The Garage is an invisible room under the map, once you land in it MOST of the time you won't be able to see after you make it in, and to solve this you can go in First Person View and

then enter & exit a Vehicle, and the garage will spawn, and everything will become visible, like a normal game.

~This is NOT easy, it takes MANY tries to get it down, try not to get frustrated, and just keep trying.

~Once you are in the Job your "Friend" CAN allow themselves to be "Kicked" for not moving, or quit, and you will remain in the Job, by yourself.
