

Bergdahl Family Statement: "Today we learned that a new video of our son, U.S. Army Sgt. Bowe Bergdahl, has been distributed by his captors. "Naturally, this is very important to us and our resolve to continue our efforts to bring Bowe home as soon as possible. "As we have done so many times over the past 4 and a half years, we request his captors to release him safely so that our only son can be reunited with his mother and father. "BOWE - If you see this, continue to remain strong through patience. Your endurance will carry you to the finish line. Breathe!"
