

# Top 500+ High Paying Google AdSense Keywords 2015

[43](#) June 2, 2015 by [Atinder S Gill](#)

Google AdSense is the best way to make money online. Most Webmasters use this Ad network as their only way to generate income from their websites. But majority of them are tired of low CPC Rates. Even I in the beginning of my career, started wondering that sometimes I got many clicks, but still my earnings are low and sometimes only few clicks, but earnings are much higher. So, that time I wasn't aware of the fact that, its about Keywords. AdSense has different Advertisements from various advertisers. All of them have their own company in different field. So, according to their income, they Advertise with AdSense using different Budgets. Some of them have Higher Budgets, So, they are ready to pay hundreds of dollars per click. But Majority of times, you will not see any keyword paying that much. There are only Few ones which can make you a huge income with one or two clicks.
