INSTRUCTION

instructions for deactivating the consoles.

1. Go to the site <https://account.sonyentertainmentnetwork.com/login.action>
2. Enter the details of the purchased account login:pass (e-mail: password)
3. Select the top item "account" or «Account»
4. On the left menu, select the item "media and devices" or «Media and devices»
5. On the main part of the page click on the box on the "Deactivate all» «Deactivate All».

Install account on the console PS4:

1. Create a new user and login PSN with purchased account, then it will offer you to ACTIVATE as primary, click ACTIVATE.
2. Go to the library and download game (s).
3. You can now logout from the account and login to your private PS account.
4. DO NOT remove purchased account from PS console, cause game won't work then.
5. Never login again in purchased account, download all games you want and forget it.

Note. Account could contain more than 1 game, so leave positive feedback.

Note 2. Don't add more than 10 purchased users on PS console, cause Playstation could ban you for 30 days.

Easy and quick trick to find whatever game you want on your pc

- 1) Copy all account information to the txt file
- 2) Open txt file , go to edit , and then to find
- 3) Type in that window name of the game you are

looking for

(type as it written in psn store)
