

# Fake Apricot Froot fan MakotoLitch's sock puppet Twitter accounts mugengalaxystar and intervubers

<https://x.com/mugengalaxystar>

Donk

<https://x.com/intervubers>

Don't bother with the fakeout Japanese Language speaking barrier, you are a racist western white guy just pretending to be Japanese.

MakotoLitch is an internet troll who uses the Persona fictional characters username and tries to make Apricot Froot look bad in public by pretending to be on her side much to the pleasure of these misogynistic fascists from Varis Hangout and The Virtual Asylum who are too blinded by their hate for Froot to care.
