

GOLDEN AGE

This version will turn your game experience in a Hack 'n Slash way

- You will find your gameplay changed in a more Hack 'n Slash way.
- All the spawn points are doubled than Normal Mode. This means double enemies and double fights.
- You will find more enemies near lakes and rivers.
- A low level player will have a small chance to face an high level enemy.

**Use this version if you want to kill something everytime you move.
But beware, you could be kicked by some high level encounter!**
