

Activate ESPN Channel on Roku

Entertainment and Sports Programming Network famously abbreviated as ESPN is a household name among all the die-hard sports fans in this world. It is an American Channel broadcasting all the sports from A-Z for a subscription. The Walt Disney Company majorly owns it. James Pitaro takes care of all the activities of ESPN in his responsibility as the chairman and is the brain behind the enormous and ambitious expansionary plans of the company.

Reasons why ESPN must be chosen and viewed on Roku

- Multiple tournaments
- Featuring the world's best players from national to international
- Worth the money and assured value addition through a lifetime and immersive experience
- ESPN is ahead of others by a huge mile through its better features and supreme quality
- Finally, the company treats sports not as a business but as a deep passion

Action to catch today by watching ESPN on Roku

Get the ultimate experience by viewing the MLB (Major League Baseball) as the Rays and Athletics lock horns with each other at 12:10 pm ET in an intriguing matchup. The 2nd placed Rays in the AL East category are on a winning juggernaut and would love to continue that versus the 3rd placed Athletics in the AL West category.
