

School Near Me

Orchids International School started with just one CBSE school in Hyderabad, now they have a chain of 35+ CBSE schools in India and 1 ICSE school in Sahakarnagar, Bangalore. The school has induced SHARPER philosophy to teach their students and has one of the top teaching staff and faculty in India. The School has 3000+ teachers and 30000+ students spread across 7 major cities in India

Orchids International follow a vivid hiring process when it comes to their teachers and staff because they believe that a school can only prosper when the teachers are doing the rightful duty and leaving no stone unturned to make sure the students understand and learn well at school.

The school has imparted innovative teaching techniques to make sure every child not only memorizes but understand the concept while teaching.

The school has various dedicated sections to different vocations and art forms like a music room, Robotics lab and whatnot. At the same time, the school is strict with its security measures and monitoring policies for the safety of the students inside and around the campus.

The school works on developing the cognitive thinking of their students and emphasize logical thinking and core understanding of subjects.

We saw many parents hassling over search results to queries like “[school near me](#)” and keeping that in mind we have strategically widespread our schools at different corners of India making sure you find us every time you search “school near me”. Orchids provide specially designed comprehensive subject kits created by IIT and PhD holders.

The school has a career foundation program with which Orchids International school is known to be one of the best [CBSE schools in Bangalore](#) and list among the top international schools in Mumbai and Pune.
