

Security Seals Dublin

Security seals play an essential role in protecting goods and produce whether in transit or storage. They are a one-time use product, designed to prevent and discourage theft and avoid product contamination. [Security Seals Dublin](#) also help identify product and authorise entry into **secure environments** (hospitals, pharmacies, etc) **protected areas** (airside, document warehouses, etc), **export of containers** and **goods**. Available in **plastic, galvanised cable wire** and **metal bolt seals**.
