## **Start Earning Rewards from Day One**

UPRO staking is designed for everyone, whether you're new to crypto or a seasoned investor. Imagine staking just \$101 and seeing your investment yield monthly rewards—starting from day one! UPRO offers a starting rate of 1.5% monthly rewards for the first 90 days, which means that by simply staking, you'll begin earning coins every day. With daily payouts of around 4.5 UPRO coins per day, you'll enjoy an immediate boost to your wallet, and you can withdraw these rewards anytime! That's right—you're in control of when to cash in.

Here's a quick look at what you get:

- First 90 Days: 1.5% monthly rewards
- Daily Reward: Approx. 4.5 UPRO coins (withdraw anytime)
- Total Monthly Reward: 135 UPRO coins

## **Get Rewarded for Commitment: Unlock Higher Monthly Rates**

After 90 days, UPRO takes things up a notch! Sticking around a little longer will earn you an increased monthly reward rate of 2%. This upgrade rewards your loyalty and makes sure that your investment grows with time. If you decide to continue staking, the rewards keep building, giving you an edge with even higher returns on the same investment.

After 90 days:

- New Monthly Reward Rate: 2%
- Unstaking Option: Available, but stay for more benefits

## **Bigger Returns After 180 Days**

The longer you stake, the better it gets! At the 180-day mark, UPRO rewards you with a 2.5% monthly reward rate. This progression encourages a stable, long-term approach to earning with crypto. So, as you continue staking, you'll earn increasingly attractive monthly rewards without lifting a finger. Imagine the possibilities as your UPRO coins multiply at these competitive rates!

Here's what you'll receive after 180 days:

- Monthly Reward Rate: 2.5%
- Option to Unstake: Flexibility remains if you decide to end your staking period

## **Boost Your Earnings to 3.5% Monthly for a Full Year and Beyond!**

Committed stakers get the highest rewards, with UPRO offering an incredible 3.5% monthly reward rate if you continue staking from 365 to 730 days. This rate is designed to empower

long-term holders who see the big picture, as it maximizes your earnings potential. The power of compounding interest makes this period highly lucrative, allowing you to generate substantial returns on your staked UPRO coins without additional investments.

From 1 to 2 years:

- Monthly Reward Rate: 3.5%
- Continued Unstaking Option: You're still free to unstake anytime after 90 days!
