Description:

Thrive Cryo Spa was founded June 2019 by Chris Baratz and Kelsey Zischkau. Thrive Cryo Spa's mission is to help individuals reach their beauty and wellness goals! At Thrive we believe in the importance of meaningful consultations with your service professionals so we can best understand your goals and customize your treatments! We are consistently researching the most innovative and cutting-edge treatments available to offer our clients at Thrive! Right now, we offer Cryoskin treatments, which is an excellent solution to kill fat, lose inches fast and tone stubborn areas! In addition, we offer skincare treatments completely customized to each client, lash extensions, lift and tint, and Men's Grooming. You can read more about each of these services in the services tab. Every decision we make is to make you look and feel your ultimate best!
