

New: Best of JustPaste.it

We are happy to show early beta of our new changed "Popular articles" page. At [Best of JustPaste.it](#) page we show you the finest notes at JustPaste.it, selected automatically by their popularity.

There are five browsing modes and 2 sorting options:

Browsing modes:

Live - shows most popular articles in recent 24 hours - you can check trending pastes on JustPaste.it

Daily, Weekly, Monthly, Yearly - check what articles were most popular in specific period

Sorting options:

Latest - shows trending articles sorted by their time of creation

Most popular - sorts articles by their number of unique views

We hope that this functionality will allow You to find many interesting notes here.

PS If you like our blog, please remember that every [Premium](#) user can create his own on JustPaste.it.
