Mazda3 takes a leadership role in automotive engineering using a philosophy that starts with a blank slate and an open mind. Unlike the other common car models out there, the MAZDA3 is a great sporty alternative to the Honda Civic and Toyota Corolla. This beautiful car is compact, aerodynamic and offers some spectacular fuel economy. The Mazda3 competes directly with Honda Civic, Toyota Corolla, Chevrolet Cruze, and Hyundai Elantra GT. If you are looking for fuel economy and responsive handling at a reasonable cost, then the Mazda3 outperforms the rest.
