

# Workday Services | Workday Implementation | Workday Partner | Jade

## Domain & platform expertise led Workday Implementation & Application Support

Backed by Workday implementation experience and expertise, Jade Global has built a strong team of HCM experts to provide comprehensive implementation services. These services cover Core HCM, Core and advanced compensation, Benefits, Absence, Time Management, AP/AR/GL, and other Workday HCM and Finance Functionalities.

Our Global right shoring delivery model has been fine-tuned and optimized to provide efficient services for Workday Reports, Integrations, and post-go-live Application Management and Support.

### Jade Global's Service Differentiator

With extensive digital transformation experience leading global corporations and Application Managed Services expertise spanning Workday and other SAS and on-prem HR Systems, the Jade Workday team brings HR thought leadership, PMO oversight, and Advisory services guidance to every implementation and support engagement we undertake.
