## [Best YouTube to MP3 Converter – Introduction](#)

If you don't have a good connection, or you're looking to listen to music offline, it's easy to download the audio of any YouTube video in MP3 format by using one of these tools.

Of course, not all online converters are created equal, and some may try to install spyware or adware onto your computer.

That's why we recommend sticking with those on our list (see below) or opting for one of our free desktop programs.

## What is the Best YouTube to MP3 Converter?

In the past, simply recording a video from YouTube with an audio capture tool was enough to get the job done. But these days, YouTube is (rightly) cracking down on that practice, and those tools are no longer effective.

Nowadays, you need a dedicated [YouTube to MP3 converter](#) to get the job done — if you want to do it right at least. But not all YouTube converters are created equal.

Some are built with malware and adware waiting to take over your computer or phone.

Others deliver sub-par audio quality. That's why we put together this list of our favorite YouTube to MP3 converters so far.
